# Kavya Menon

Data Scientist – NLP | Bengaluru, India
kavya.menon@nimbus.example.com | +91 90000 10007

## Professional Summary

Data scientist specialising in NLP and LLM applications. Built retrieval-augmented generation (RAG) systems with vector databases and evaluated them rigorously.

## Technical Skills

Python, PyTorch, Hugging Face Transformers, LangChain, RAG, Vector databases (Chroma, FAISS), scikit-learn, pandas, FastAPI, Prompt engineering, LLM evaluation

## Work Experience

**Senior Data Scientist**, Nimbus Technologies (Jul 2022 – Present)

- Built an internal RAG assistant over 40k policy documents using Chroma and an open-source LLM.
- Designed retrieval evaluation (recall@k, nDCG) that improved answer accuracy by 23%.
- Served models behind FastAPI endpoints.

**Data Scientist**, Quanta Analytics (Jan 2020 – Jun 2022)

- Text classification and entity extraction for insurance claims using BERT models.

## Education

M.Sc Data Science, Christ University, 2019

## Certifications

- DeepLearning.AI NLP Specialization
