Fatima Shaikh

ML Engineer – MLOps | Mumbai, India
fatima.shaikh@nimbus.example.com | +91 90000 10013

Professional Summary

ML engineer focused on MLOps: training pipelines, model serving and LLM deployment on Kubernetes.

Technical Skills

Python, Kubernetes, Kubeflow, MLflow, Docker, AWS SageMaker, Terraform, vLLM, LLM serving, PyTorch

Work Experience

Lead ML Engineer, Nimbus Technologies (Feb 2021 – Present)
- Built Kubeflow pipelines and MLflow registry for 30+ models.
- Deployed open-source LLMs with vLLM on GPU node pools in Kubernetes for internal apps.
- Terraform for SageMaker and EKS infrastructure.

ML Engineer, Quanta Analytics (2019 – 2021)
- Fraud models in PyTorch; batch scoring on AWS.

Education

M.Tech Computer Science, IIT Bombay, 2019

Certifications

- AWS Certified Machine Learning – Specialty
